Term 1 Report Cards

Term 1 Report Cards will go home Wednesday, February 20th. Should you have any questions or concerns regarding your child's progress, you should contact the school for an appointment with the teacher or to arrange a time for an interview in person or by telephone. For parents of students identified with an exceptionality, it's important to review your child's Individual Education Plan and contact the school if you would like to make changes.

ASK YOUR CHILD...

- What is something you did well this term?
- What was difficult this term?
- How can you improve your work and/or your effort?
- How can I or your teacher help you?

ASK YOURSELF...

- What have I noticed about my child's work and effort this term?
- What do I see as my child's strengths?
- Where do I see my child having difficulty?
- How can I help my child at home to do better at school?

It is also a good idea to talk to your child about his/her progress at school. Ask your child what he/she expects the report card will say. Once you have the report card, this will give you good insight about your child's perception of his/her progress at school, compared to actual achievement.

Discuss with your child their achievement, goals, and plans for next term before completing pages three and four of the report card. Help your child understand the important message that **...if you plan to learn, you must learn to plan!**

Inclement Weather

Students are reminded to dress according to the weather and to assume they will be outdoors at recesses, unless the temperature becomes unreasonable. If the weather is stormy prior to the start of the school day, please listen to the radio. Every attempt will be made to announce class cancellations on the various radio stations by 7:00 a.m. This information will also be found at www.sssc.ca (the Sudbury Student Services Consortium website). If classes are cancelled please do not bring your child to school. ***If the schools are open but buses are cancelled and you drop your child off, please remember that you must pick up your child at the end of the day. If your child is not coming to school, please call and let us know.***

Attendance and Punctuality

Regular attendance is essential for success in school. We want all our children to have an enjoyable and successful school experience. Being absent from school, arriving late to school, or leaving early for non-essential reasons, does not normally result in a good experience both academically and socially. School starts at 8:35 each morning and students are expected to be in class at that time. Students with a high number of lates and absences will be referred to the school's attendance counsellor for support and assistance. You may email the office if your child will be late or absent at longchs@rainbowschools.ca.
